What is a TumbleBook?

TumbleBooks are animated, talking picture books which teach kids the joy of reading in a format they'll love. TumbleBooks are created by taking existing picture books, adding animation, sound, music and narration to produce an electronic picture book which you

Story Books:

The TumbleBookLibrary has a selection of **children's favorite** story books. Old time favorites such as "The Paper Bag Princess" by Robert Munsch, as well as favorite fairy tales such as "Jack and the Beanstalk" and "Old Mother Hubbard" come to life in an educational and interactive way. Other titles include: "Diary of a Worm," "How I Became a Pirate," "Miss Malarkey Doesn't Live in Room 10," "One Duck Stuck," and "Tops and Bottoms."

Language Learning:

The TumbleBook Language Learning Section includes a growing selection of books in **Spanish** and **French**. Many are bilingual titles which allow the user to read the book in two languages.

Read-Along Books:

Older students or more accomplished readers can read our collection of read-along chapter books. Read-along titles feature narration, sentence highlighting, and automatic page turning.

Non-fiction Books:

The non-fiction section allows young readers the opportunity to explore stories about real animals, people or places.

Videos:

TumbleBooks has partnered with National Geographic to offer videos covering subjects such as History, Geography, Social Studies and Science, to name just a few! These videos are paired with non-fiction titles in the collection! Read "Meet the Meerkat" by Darrin Lunde, for example, then watch an educational video from National Geographic to learn more about this fascinating creature.

Puzzles and Games:

A collection of puzzles and games accompany each book and reinforce concepts from the books, allowing for a fun and educational learning experience.
